Sales

≫ The construction know-how systems reinforced with an emphasis on support programs for small and midsize building contractors (e.g. upgrade of products, developments of new goods and the provision of financial instruments). However, small and midsize building contractors tended to reduce investments resulting from uncertainty about market prospects. Thus, sales declined year on year.

≫ The construction materials increased the number of orders regarding solar powered house, especially new-built house, in the housing market. Additionally, we have started offering construction materials for subdivided housing unit and renovation in the adjacent market from last year, and it produced positive results. Overall, sales increased significantly year on year.
